

Department:		Classics			
Year 7 Course summary:					
<p>Boys begin Latin in Year 7. They are encouraged to speak accurately and they develop a vocabulary of 110 words, enriching their word power in English and other European languages. The course explores the story of the earliest foundation of Rome from the fall of Troy to the creation of the Roman republic. This provides a focus for story-telling, entering imaginatively into a different world and exploring moral values. The most challenging aspect of the course is the analysis and application of grammatical concepts: in particular subject, object and verb, agreement, different word order and some new grammatical terms.</p>
